

2014

NEW PRODUCT INTRODUCTIONS

Magnuson Group is pleased to present our 2014 new product introductions.

Distinctive pieces by some of the world's finest designers, these new products are as beautiful as they are usable.

New products that span our many product categories... the common theme throughout each is its ability to solve problems with style, and to apply function with flair.

Design and materials that create style and enhance performance. Products designed for users and their uses.

More solutions that make a statement.

Thank you for your interest in our products.

STOOLS

We believe stools are a great way to introduce bursts of color and intriguing design to provide the functional seating required in certain spaces. Each of our new stools offers something different in this way-a rich mix of design aesthetic, heights, materials and finish colors.

WASTE & RECYCLING
RECEPTACLES

We believe waste & recycling receptacles placed within both interior and exterior spaces should provide strong aesthetic value, just like all furnishings are expected to do. And we believe these new product introductions do that, and more. We believe recycling can be beautiful.

PLANTERS

Our new families of Planters each have their own distinct style, and offer a variety of design aesthetics to enhance their interior or exterior space. Each works well within its immediate environment, and further comes to life when these new products are filled with green.

POSTER DISPLAY

For each of our new poster displays, it's all about the media being presented - and doing so with a clean, consistent, architectural aesthetic throughout the space. These new poster displays excel at this, including several with backlit LED.

INFORMATION
& GRAPHIC DISPLAY

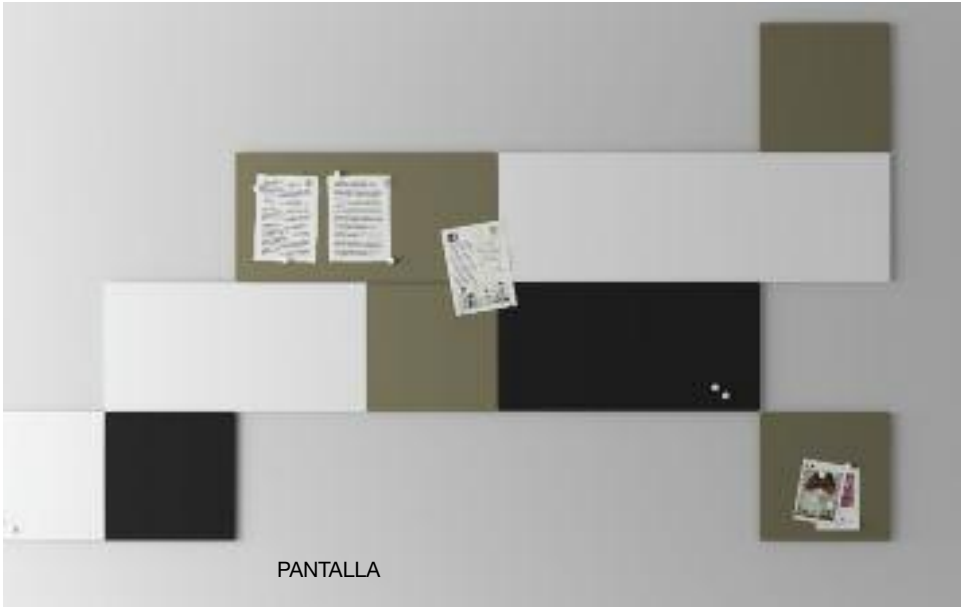

Our wide array of new Information & Graphic Displays presents media of all types in a clean, crisp way. Free-standing, wall-mounted and table-top models-each of these families works hard both aesthetically and functionally for great results.

VELO SHARK

iPAD DISPLAY & MESSAGE BOARD

Whether the requirement is the traditional display of physical messages on a magnetic board, or secure display of electronic media using an iPad, we have new Display & Message Board products to accomplish this with style.
(iPAD is a registered trademark of APPLE)

MAGAZINE &
LITERATURE RACKS

Our new Magazine & Literature Racks provide solid solutions to present magazines, literature and catalogs throughout interior spaces. Both free-standing and wall-mounted models offer something for everyone, and everywhere.

WALLMATE SOISTES

BROCHURE &
LEAFLET HOLDERS

Our new Brochure & Leaflet Holders present clean, flexible solutions that can be tailored to the space available and customer need. Free-standing floor models, or wall-mounted models that vary in height and width, provide flexibility and function-all with strong design.

COAT HOOKS
& COAT RACKS

We've been introducing new Coat Hooks & Racks for 75 years, and we believe these new models we present here are outstanding, providing function with strong design in a variety of materials. Floor-standing, wall-mounted and magnetic models extend our already broad array of offerings.

UMBRELLA
STANDS

While you may not need them every day, our new Umbrella Stands will work hard for you all the time in terms of the great aesthetic they provide. And when your weather does require the use of umbrellas, they will shine in providing great functionality as well.

CROWD
CONTROL

Even our new Crowd Control products incorporate the common thread of both great design and function built into all of our Magnuson Group offerings. And these new products offer tremendous flexibility and versatility, including models designed to be used outdoors.
