Magnuson Group is pleased to present our 2015 new product introductions.

Distinctive pieces by some of the world's finest designers, these new products are as beautiful as they are usable.

New products that span our many product categories... the common theme throughout each is its ability to solve problems with style, and to apply function with flair.

Design and materials that create style and enhance performance. Products designed for users and their uses.

More solutions that make a statement.

Thank you for your interest in our products.

Chairs- Outdoor

Outdoor seating should be fun – as well as provide both the design aesthetic and function required for your exterior spaces. Great design and splashes of color are just a few of the strong features presented in our new outdoor chairs.

Chairs- Outdoor

Outdoor seating is a new ancillary category for us, and we really love the possibilities. Practical, functional, durable solutions – that pull together terrific design, materials and color selection – what's not to love about that?

Tables- Outdoor & Tables- Occasional

Our new collection of tables are great solutions unto themselves, or paired together with our new chairs and stools. Strong design, quality materials, and unique finishes all come together in each of these families of tables for outdoors and indoors.

Stools Outdoor & Indoor

Stools are a fun, practical way to add great design aesthetic and bursts of color within certain spaces, both indoors and outdoors. Each of our new stools offers something different – a rich mix of design aesthetic, heights, materials and finish colors.

Planters

Our new modular family of planters presents strong, elegant design and a number of "building blocks" that make for tremendous design flexibility and endless possibilities in configuring a solution with great appearance and strong function. And of course, they really come alive when filled with green.

NEW PORT

Desktop Toolbars, Sight Screens & Desktops Accessories

Our new desktop toolbar, sight screen and desktop accessories are just plain strong [steel] – strong on design, strong on function, and flexible to accommodate many work surfaces, requirements and space objectives.

Coat Trees, Hooks & Umbrella Stands

After 75 years of introducing new coat racks, hooks & umbrella stands, there are still great new designs to present, which is important – because even when they are not holding a coat or umbrella, these solutions should still be working hard aesthetically in your space.

Magazine, Literature Displays & Magnetic Notice Boards

Our new display and notice board solutions offer unique, well thought out ways to present magazines, literature, graphics and informational notices throughout interior spaces in a clean, crisp way. Both free-standing and wall-mounted models offer something for everyone, and everywhere.

Screens, Shelving & Collaborative Carts

These new product offerings within the ancillary areas of screens, shelving and collaborative carts each provide unique, creative solutions which combine strong aesthetic with strong function in meeting the practical requirements for each space.
