

# KASKAD® Planters

## **Product Description**

KASKAD® is a family of planters that brings modularity, design and elegance to any space. Designed to stand alone or work together in combination, KASKAD® serves as a flexible and highly adaptable planter solution. KASKAD® is manufactured from powder-coat painted steel and available in 3 heights and 5 unique shapes – 1 square, 3 rectilinear and 1 parallelogram. Available in 3 finish colors – Textured White RAL 9010, Textured Silver or Textured Bronze – all KASKAD® units come standard with adjustable glides and a removable liner for plant material. KASKAD® planters are for indoor use. Designed by QDesign. Made in the USA.

## KASKAD® RUN

For applications where multiple units 36" high x 36" wide units are used, MG recommends KASKAD® RUN – used for dividing interior spaces, utilizing "end" and "middle" units to achieve a clean and finished look.

**KAS-R-0936H-END** has one connecting side (right side in the image below, to connect to other KASKAD Run END or MID units with hardware) and one side with radiused corners (left side in the image below) for use at the end of a configuration.

**KAS-R-0936H-MID** has two connecting sides (to connect to other KASKAD Run END or MID units with hardware) for use in the middle of a configuration.

Hardware is included to secure adjacent units together, all holes for securing adjacent units are pre-drilled.
