

Product Specifications

Valuta® Planters

Introducing Valuta® Planters, an exquisite blend of functionality and aesthetics. Crafted with precision from durable steel, these planters showcase Magnuson Group's commitment to quality and design excellence. With four stunning powder-coated finishes to choose from, these planters seam-lessly complement any indoor space. Available in 4 sizes, this modular family offers a versatile range of options. As a testament to their versatility, the Valuta® family also includes waste receptacles, ensuring a cohesive and organized environment for both plants and waste disposal.

Valuta® Product Specifications

Design Story

“Adding a new element to the Valuta® product family, Valuta® Planters offer a simple modular solution to incorporate biophilia into any space. Designed and developed around the Valuta® waste receptacle platform, Valuta® Planters seamlessly coordinate by sharing common dimensions, allowing for a variety of layout configurations. Whether used in tandem or as stand-alone pieces, Valuta® Planters bring a touch of nature indoors.” - QDesign

Customer Service

Magnuson Group is proud of its reputation of providing outstanding customer service. We listen to your questions, concerns and opinions respectfully and will always try to assist our customers efficiently and most importantly in a friendly manner.

Valuta® Ordering Instructions

HOW TO ORDER VALUTA®

When ordering Valuta®, a model and a selection must be made from each option below and noted on the order.

VALUTA® + VALUTA® JR MODELS & SPECIFICATIONS

Model #	H x W x D	Shipping Weight	Product Description
VA1809L-JR-P	26 1/8" x 9" x 18"	30 lbs.	20 gallon unit with internal rigid liner and integrated bag arms.
VA1809L-P	33 3/4" x 9" x 18"	34 lbs.	32 gallon unit with internal rigid liner and integrated bag arms.
VA1814L-P	33 3/4" x 14" x 18"	47 lbs.	40 gallon unit with internal rigid liner and integrated bag arms.
VA1818L-P	33 3/4" x 18" x 18"	54 lbs.	35 gallon unit with internal rigid liner and integrated bag arms.

Valuta® - Planters

Locally Sourced

Magnuson Group recognizes the increase in demand for building materials and products that are extracted and manufactured within the region, thereby supporting the use of indigenous resources and reducing the environmental impacts resulting from transportation.

- 99% of Valuta® materials are sourced within 95 miles of MG HQ
- 1% of Valuta® materials are sourced outside 95 miles of MG HQ

LEED v4

Valuta® contributes to various LEED prerequisites & credits. Specific products cannot be LEED-certified, but they can support LEED criteria. For general questions about LEED, please [contact USGBC](#).

LEED V4 - ENVIRONMENTAL PROFILE & ATTRIBUTES

Program	Category & Item	Contribution
Interior Design + Construction	Materials + Resources	Storage & Collection of Recyclables
	Indoor Environmental Quality	Low-Emitting Materials
Building Design + Construction	Materials + Resources	Storage & Collection of Recyclables
	Indoor Environmental Quality	Low-Emitting Materials - Systems Furniture & Seating

Valuta® Environmental Information

MANUFACTURING PRACTICES

Manufacturing Process

The manufacturing process with Valuta® starts with partially recycled steel. The cold rolled carbon steel is formed and given a paint color with a low emitting powder coating.

All steel is sourced locally, within 95 miles of Magnuson Group’s headquarters in Woodridge, IL, where final assembly occurs. Magnuson Group’s vendors are carefully selected based on craftsmanship, location and environmental practices among other considerations.

MAINTENANCE & USE & DISPOSAL

Cleaning

Valuta® can be cleaned using a damp cloth and mild non-abrasive cleaner.

Ergonomic

Product is designed for ergonomic use, which will continue to service life.

Recycling

At the end of its life cycle, Valuta® can be disassembled and recycled. The body is made primarily of steel, one of the most recycled materials on the planet, and the internal rigid liner is made of plastic, which is also easily recyclable. Receptacle is designed to maximize recycling rates through design, graphics, and signage placement.

MAGNUSON GROUP GENERAL SUSTAINABILITY PRACTICES

Magnuson Group recognizes the importance of being good stewards to the earth. We incorporate positive environmental processes into all facets of the company. Whether the process is administrative in nature, or is in manufacturing, Magnuson Group strives to ensure that environmental concerns are made a part of the system. Some specifics include:

	Type	Description
	Steel	All steel scrap is 100% recycled. Steel is manufactured with 30-40% post consumer material and is 100% recyclable.
	Wood	Magnuson Group strives to always source wood from F.S.C. sources.
	Plastics	Plastics are 100% recyclable.
	Fabrics	Fabrics are manufactured from 100% post consumer materials, and is fire rated to: ASTM E-84 Class 1 or A.
	Aluminum	All aluminum scrap is 100% recycled. Aluminum comes from 10-20% post consumer material and is 100% recyclable.
	Packaging	Packaging comes from a minimum of 35% post consumer material and is 100% recyclable.
	Paints	All paints used are certified to be of low VOC content < 50g per liter. They emit no hazardous air pollutants (HAP) or noxious fumes when exposed to fire NFPA 704 Health = 1, Fire = 1, Reactivity = 0.
	Import	We import products from various countries in Europe. Most but not all are certified ISO 9001-14001 Environmental Management Systems. Please contact us if you need further information.
	Paper	All paper and packaging waste is 100% recycled.
	Plating	Plating is kept to the absolute minimum. Our plater’s meet or exceed all Illinois EPA, Federal EPA, and OSHA mandated standards; all plating is RoHS compliant. Our plating emits no hazardous air pollutants (HAP) or noxious fumes when exposed to fire. We certify that there is no asbestos in any of the products we manufacture or import for sale.
